DAY 10

Please choose one activity, circle which one you completed, and sign when completed.
Menus should be sent back when students return to school.

SCHOOL READINESS GOAL

Children will explore their environments through observations, manipulation, asking questions, making predictions, and developing hypotheses.

WARM AND COOL

Let your infant touch a warm washcloth and then a cool metal spoon while you hold each item. Name each temperature and watch how your infant reacts.

LIGHT AND SHADOW

Use a flashlight to make a light spot on the wall, never toward your infant's eyes. Slowly move it up, down, and side to side as your infant watches.

TEXTURE BASKET

Offer three large, infant-safe items with different textures, such as a washcloth, soft brush, and smooth cup. Let your infant touch each while you describe how it feels.

WINDOW WEATHER WATCH

Sit safely by a window with your infant. Observe rain, snow, wind, clouds, or sunshine. Point to what you see, describe it, and imitate a weather sound together.

READ A BOOK TOGETHER

Title _____

In addition to the above activities, please read together each NTI day.
